

Conaree Equine was established in 2013 by Martha K. Smith, DVM and is a general equine practice. Our goal is to provide our clients with caring, professional service with a variety of diagnostic and treatment options. The services we currently offer include lameness/pre-purchase evaluation, reproduction including mare breeding soundness evaluations, digital radiography, digital ultrasound, shockwave therapy, dentistry, upper airway endoscopy, cryotherapy, and general health and wellness. We are located in Buxton, ME and provide ambulatory and inpatient services to clients throughout central and southern Maine, western Maine and southeastern New Hampshire.
